

Tips for Helping Your Child at Home

In Math....

Make a Schedule (time/organization)

Cook (measurement/ set the oven/ use a timer/ divide portions)

Grocery Shop

Start a Savings/Checking Account

Make a List

Record the Temperature (make a chart/ make a graph)

Read Maps

Play Games (Checkers, Dominoes, Chess, Monopoly, etc.)

Look for Patterns

Sort (toys, buttons, rocks, shells)

Grocery Ads (add amounts, make change)

Play Guessing Games

Use Math Words (sum/total/difference/product)

Put Puzzles Together

Use a Calculator

Practice Math Facts

Look over work and talk about work coming home from school

Have your child explain one thing they learned in math that day
